Title: Assistant Professor of Mathematics
Department: Applied Mathematics and Technology
Reports to: Division Chair for Natural and Physical Sciences
Post Date: July 6, 2010

The position will remain open until filled, and screening of applications will begin immediately. The position will be available immediately.

Description:

Philander Smith College's Division of Natural and Physical Sciences is seeking an Assistant Professor of Mathematics in the Applied Mathematics and Technology Department. The incumbent will teach 12 hours of mathematics courses each semester. These courses may range from remedial mathematics courses (e.g. College Mathematics/Beginning and Intermediate Algebra) to upper level mathematics courses (e.g. Real Analysis and Topology). Outside of teaching duties, the selected individual is expected to:

- Advise and register students and participate in retention, placement, and cooperative educational activities;
- Maintain accurate academic records;
- Participate in the development and coordination of course schedules;
- Participate in instructional committees;
- Assist in student recruitment;
- Participate in College committees as assigned;
- Assist in communication between the College and the community;
- Participate in College/community service;
- Participate in professional development activities

Additionally, research activity is highly encouraged and supported.

Qualifications:

Minimum education requirement is a graduate degree in Mathematics or 18 graduate hours in Mathematics.

To apply, send resume or C.V., copies of transcripts and three professional letters of recommendation to:

HumanResources@philander.edu

Only those applicants that have the minimum requirements will be considered.

No phone calls, please.

Philander Smith College is an equal opportunity employer and does not discriminate applicants or employees based on their age, race, sex, national origin, ethnicity, veteran status or religion. Philander Smith College is a smoke-free and drug-free work environment. Philander Smith College participates in E-Verify.
