What to Do If Someone You Know Is Sexually Assaulted

Get to a Safe Place - Following an assault, the primary concern is to get the victim to a safe place. Once there, the victim has several options to consider:

1. Contact the Campus Safety & Security Department and Little Rock Police Department - Sexual Assault is a crime and victims have the opportunity to press charges both on and off campus. If the assault happened on campus, the victim can contact Campus Safety at x 5370. If it occurred off campus, she/he can contact Little Rock Police at 911.
2. Call the University designated Counseling Center - Counselors offer support and can make appropriate referrals based on the needs of a victim. They are confidential, free and available 24 hours a day. Call 501.952.5275 to be put in touch with a counselor.
3. Call the Office of Student Affairs – Student Affairs can offer support and can make appropriate referrals based on the needs of a survivor. They are confidential, free and available 24 hours a day. Call 501.813.4739 to be put in touch with a staff member.
4. Contact someone trusted -Victims are encouraged to contact someone they trust such as close friend, family members, University Counseling Center.
5. Seek Medical Attention - All survivors of sexual assault are encouraged to seek medical attention immediately after the assault to ensure their physical well-being. Even if there is no external physical injury, survivors can be tested for sexually transmitted diseases, pregnancy and internal trauma. Preservation of physical evidence is important to the successful prosecution of offenders. In order to preserve such evidence, survivors should not shower, douche or change clothes or bedding before seeking medical attention. Also, if oral contact was made, survivors are asked not to brush their teeth, smoke or eat. Evidence can be collected at area hospitals, including the UAMS Crisis Center. Students may also contact PSC Health Services to have the incident documented in their medical record.

Reporting an Incident to Legal Authorities

The purposes for reporting an incident are: to protect yourself and others from future victimization; to apprehend the assailant; to, in some way, seek justice for the wrong done to the victim. Victims

have the option to report the incident immediately to the Philander Smith Campus Safety at 501.370.5370.

Reporting an incident is different from choosing to prosecute. Filing a report does not obligate the victim to continue with legal proceedings or University disciplinary action. The victim can choose whether or not to participate in proceedings at any point in the process.

Changing Living Arrangements

If necessary, and/or at the request of the victim, the living arrangements of the individual(s) involved may be changed, especially if the individual(s) involved are currently assigned to the same residence hall. If the victim wishes to be relocated, then she/he will be given that option. If the victim wishes to remain in her/his current assignment, then the alleged perpetrator will be reassigned to a different residence hall or temporarily suspended. The Assistant Resident Director or Dean of Students must be contacted to ensure that this procedure occurs. If necessary, and/or at the request of the victim, changes will be made in the academic environment to ensure the safety and well-being of the individual(s) involved. The Academic Dean will be responsible for initiating these changes.

Possible University Sanctions for Sexual Assault

The sanctions for rape, acquaintance rape or other sex offenses (forcible or non-forcible) that may result following an on-campus disciplinary procedure are those applied to all disciplinary cases. These sanctions are contained in the Student Handbook. They include, without being limited to: University expulsion; University suspension; Residence Life expulsion; discretionary sanctions; fines; loss of privileges; probation; and warning.

Procedures for Disciplinary Actions–Related to Sexual Assault

The procedures for on-campus disciplinary action in cases of alleged sexual assault are those employed in all disciplinary cases and are contained in the Judicial Procedures Code of Conduct. These procedures include:

1. All charges shall be presented to the accused student(s) in written form.
2. The accused student shall be presented with the written statements against her/him.
3. The accused student shall have the option of an administrative hearing with the Judicial Affairs Coordinator or a formal University judicial board.
4. Procedures normally shall be conducted in private. At the request of the accused student, a representative of the student may be admitted but shall not have privileges of participation in the hearing. Admission of any person to the hearing shall be at the discretion of the judicial body.
5. The complainant and/or the accused have the right to be assisted by an advisor of her/his choice and at her/his own expense. However, the complainant and/or the accused is responsible for presenting her/his own case and, therefore, advisors are not permitted to speak or participate in any hearing before a judicial body.

Annual Fire Safety Report

The Higher Education Opportunity Act became law in August 2008 and requires all United States academic institutions to produce an annual fire safety report outlining fire safety practices, standards, and all fire related on-campus statistics. The following public disclosure report details all information required by this law as it relates to Philander Smith University for the year of 2016.

General Statement of Philander Smith University Residence Halls

The Residence Halls at Philander Smith University (RLC, Suite A, Suite B, Barracks and Panther Village) are covered with dual smoke detectors and fire extinguishers.

RESIDENCE HALLS		Fire Detection Systems (Smoke, heat, Ion)	Fire Suppression System	Fire Extinguishers present	Redundant Monitoring System	Fire Drills Conducted Each Year
RLC		Yes	Yes	Yes	Yes	4
SUITE A		Yes	Yes	Yes	Yes	4
SUITE B		Yes	Yes	Yes	Yes	4
BARRACKS		Yes	Yes	Yes	No	4
PANTHER VILLAGE		Yes	Yes	Yes	No	4

Fire Safety Improvements and Upgrades

Philander Smith Physical Plant reviews the smoke alarms and the Physical Plant Director ensures that Fire Extinguisher safety inspections are completed in the Residence Halls annually and implements any upgrades, repairs, or revisions whenever issues are identified.

Residence Hall Fire Drills

Fire drills are held for each residence hall once per Fall and Spring Semester and are mandatory supervised evacuations for fire. The drill is conducted by the Physical Plant Director in conjunction with Campus Safety & Security, and the Office of Residence Life.

Evacuation exit routes are posted at strategic locations throughout the residence halls to identify the closest egress route. Students who fail to leave the residence hall during a fire drill are subject to disciplinary procedures through the University's Judicial Coordinator.

Fire Safety Policies

The Office of Residence Life permits students to use U.L. approved hot pots, popcorn makers, coffeemakers or microwave ovens. Items not permitted include, but are not limited to, electric frying pans, toasters, toaster ovens, sandwich makers, grills, hot plates, immersion coils or any other non-UL approved appliances.

Smoking is not permitted in any Residence Hall or within 50 feet of any entrance or air intake. No open flames are permitted, including burning of incense, candles, or potpourri.

Reporting a Fire

Students reporting a fire should contact the Campus Safety & Security Department at 501.370.5370 (campus phone X 5370). If the fire event is no longer a danger, the Assistant Residence Director or the Residence Staff should be contacted as soon as possible and the fire event reported to Campus Safety & Security.

Fire Evacuation Procedures

The policy on building evacuation from Residence Hall is located in the Student Handbook under the Residence Life Policies page 76-77 and is discussed with students when they move into the

residence halls. In the case of fire, students are instructed to notify Campus Safety & Security officials immediately and then evacuate the building. The evacuation procedures are:

- **Remain calm**
- **Turn off equipment and appliances**
- **Check if your door is hot or has smoke around it. If so, stay in your room and wait for firefighters to evacuate you**
- **Close, but do not lock, doors and windows**
- **Proceed to the nearest exit. Use the stairs only**
- **Report to your gathering point and check in with your Residence Life Staff.**

Fire Safety Education and Training

Residence Life staff are trained on fire safety by Residence Life Management and Physical Plant under the supervision of the Physical Plant and Chief of Security at the beginning of the Fall semester and as required in the Spring and Summer semesters. Fire safety training is also available through the Campus Safety & Security Department or Physical Plant upon request.

Fire Log

The Philander Smith Campus Safety & Security Department maintains a fire log/statistics that records any fire that occurred in an on-campus student housing facility and includes information such as the nature, date, time and general location of each fire. Any entry to the log is required to be made within two business days of the receipt of the information. The fire log for the most recent 60 day period remains open for public inspection during normal business hours. Any portion of the log older than 60 days will be available within two business days after receipt of a request for public inspection.

Philander Smith University

Philander Smith University Campus Safety & Security collects fire statistics of any fire that occurred in an On-campus Residence Hall.

Policy Statements

Reporting Criminal Incidents

Members of the University community are urged to notify the Campus Safety & Security Department or any Campus Security Official immediately of any criminal activity or other emergency that occurs on campus. Department of Campus Safety personnel will respond quickly and initiate whatever action is necessary to resolve the emergency, including the activation of off-campus police, fire or medical agencies when appropriate. (x 5371) 501.370.5370 has been designated and advertised throughout the campus community, in addition to the city's 911.

Confidential Crime Reporting

A victim or witness to a criminal offense may decide she/he does not want to pursue action or desires to keep their identity confidential. The person may want to consider having an anonymous report made. The purpose of an anonymous report is to take some steps to ensure the future safety of the reporting person and others while protecting her/his identity. The University can use such information to keep accurate records about the number of incidents, look for patterns concerning location or methods of operation, and alert the campus community to potential danger. If a victim wishes to file an anonymous report, they may contact the Chief of Security.

Victims may also report criminal offenses to:

- The Office of Student Affairs
- Office of Residence Life
- University Counseling Center
- Office of Student Conduct
- Athletic Department

The Offices will be responsible for communicating criminal offenses and/or incident immediately to Campus Safety & Security.

Facilities

The University makes every effort to ensure that the campus facilities, buildings and grounds are designed and maintained in such a way as to promote safety and reduce criminal opportunity. Particular attention is paid to this concern in the design of landscaping, grounds keeping and exterior lighting.

Missing Student Protocol

Purpose and Time

The Campus Safety & Security Department will provide a personal safety escort to all members of the Philander Smith University whenever requested from sunset to sunrise. The service is campus wide, to or from a vehicle, Residence Hall, Academic Building, or office. The Service is designed to enhance your safety and peace of mind if you must work after dark. It is intended to be primarily a walking service with mobile escort provided when determined to be appropriate.

e2 Campus Emergency Alert

e2 Emergency Alert refers to a text messaging notification system that can be used to contact students and employees in the event of an emergency. This system will be utilized in addition to Philander Smith University current emergency mass communication methods. Individuals must subscribe to the e2 Campus Emergency Alert system to receive an alert via the following methods:

Mobile devices -Text messages (SMS)

Campus Emails, University Website

Situations which may require sending an e2Campus Alert:

- Imminent danger, including a major fire or shooting
- Imminent disaster, including an earthquake or flood
- Severe weather, including tornado warnings

Major interruptions of campus operations, such as weather related closings

Text Messages

The e2Campus Alert text-messaging system has no advertising messages or spam. The messages will be brief, no more than 120 characters. Note: Check with your cell-service provider about possible fees when you receive these messages.

The text will state the nature of the emergency or disruption so you can take appropriate action.

Because these messages are sent through different cell providers, some people will receive them more quickly than others. You should be sure to inform other people when you receive an e2Campus Alert. Text messages also may be delayed by other traffic.

Testing

The e2Campus Alert System will be tested at least once a semester. You will receive a test of the e2Campus Alert System via email and text messages on your cell phone if selected by you.

uTip

uTip allows anyone in the University community to alert school officials, security, dispatch, simply by sending an SMS text message from a standard cell phone.

Anyone in the University community can use the service to report suspicious activities they see at school or around campus, such as theft, vandalism, drugs, domestic disputes, disorderly sports fans, and more. uTip serves as an excellent anti-bullying solution. The service is so fast; school officials can catch suspects in the act.

Crime Prevention

Crime Prevention reduces the incidence of crimes against persons and property on the University campus through public education. In an effort to promote community awareness, it is the desire of the Campus Safety & Security Department to establish a working relationship with the University community. We hope to accomplish this through making public education programs available to students, faculty and staff. Any individual or group interested in attending or scheduling a program is invited to contact the Chief of Security at 501.975.8525 or (x8525).

Emergency Situations

Emergency:

An incident that threatens human life, health, or safety, or University property, including:

1. Natural disaster such as weather (tornado, flooding or snow) and biological (epidemic or pandemic)
2. Manmade disaster including fire, explosion, building collapse, hazardous material spill, shooting, terrorist act, riot or protest

Seek Shelter/Stay in Place:

Seek Shelter/Stay in Place is the first phase of building security. It will be initiated very early on in an emergency, once it has been determined that an emergency exists or there is a reasonable probability that a life-threatening emergency exists. Members of the Philander Smith community that may be affected by the emergency will be notified.

Generally, a notification will be initiated by the e2Campus. At this early phase, the Campus Safety & Security Officers will alert individuals of potential danger; the individuals must rely upon their own common sense to evaluate their surroundings and circumstances and remove themselves from any danger they can immediately recognize by moving to an area of safety. When it is determined by Campus Safety & Security that the building is safe, an "All Clear" e2Campus message will be sent.

Situations which may require individuals to Seek Shelter/Stay in Place:

- Severe weather
- Hazardous material release
- Suspicious intruder
- Hostage situation
- Other dangerous situations as determined by Campus Safety & Security

Keep students in class or in their Residence Hall until Campus Safety & Security give the all-clear signal.

Stay away from windows, doors and outside walls.

Authorities may not be able to provide information about what is happening immediately.

Account for everyone who arrives in the shelter.

Stay in the shelter location until you receive an all-clear message from Campus Safety.

In the event of severe weather:

Basements generally offer the best protection. Otherwise go into an interior room or hallway on the lowest floor possible. Basements are located inside of the James M. Cox Building, ML Harris Fine Arts Building Assemble lower level basement area.

In the event of an intruder:

Secure doors and seek concealment away from windows and doors. Turn off the lights and close the blinds if the room is so equipped. Refer to [Active Shooter Checklist](#) for more information.

Card Access Only:

When it has been determined that building security would require limiting access (usually to prevent entry by a non-affiliated person) into a building that is open at the time of the emergency, the building will be secured and restricted to card access only by previously authorized card access holders that may seek shelter inside. When it is determined by Campus Safety & Security that the building and the area is safe, the building will be reopened based on normal hours.

Closing:

When an emergency exists, it may be determined that for the safety and security of individuals in an area, a building be secured (including card access doors) to deter entry by everyone, including those who have been previously authorized for card access.

The University community will be notified by the [e2Campus](#) System of any closing of a building during an emergency (other than for a fire/fire alarm where audible and visual alarms are universally recognized as an order to leave and stay out of a building). When it is determined by Campus Safety & Security that the building and the area is safe, an "All Clear" [e2Campus](#) message will be sent and the building will be reopened based on normal hours.

Evacuation:

[Evacuation](#) is the phase of building security which involves the mandatory exiting and removal of all persons that are non-essential to rectifying or mitigating an emergency, from a building. An e2Campus Alert message will be issued when a building has been evacuated for any emergency, other than a fire or fire alarm. When it is determined by Campus Safety & Security that the building and the area is safe, an "All Clear" [e2Campus](#) Alert message will be sent and the building will be reopened based on normal hours.

Emergency Communication Methods

In an emergency, notification will begin immediately and may use one or all of these methods:

- e2Campus Alert
- Mass e-mail, and website
- Campus Hotline: x 5370 from campus phone or 501.975.8525 (Recorded message regarding cancellations, delays, or emergency issues)
- Local/Regional radio, television
- “Bullhorn”: handheld PA devices

Campus Lock Down

Lockdown means that there is a possible threat or possible imminent danger to the campus. Campus Safety & Security will go into an Emergency Response Mode and will begin to secure all campus buildings and gates. Faculty, staff and students, at that time, are requested to stay in whatever building, classroom, etc., until a clear from Safety or Law Enforcement Officials is given. Lockdown situations will always be given through the e2Campus Text Messaging Alert System, Campus E-Mail, and through Campus Safety & Security personnel.

Severe Weather Assembly Areas

In the event that a Tornado Warning is issued for Pulaski County please take the necessary steps to move quickly to safety. If you are in the classroom please make sure that all students are instructed to leave the classroom in an orderly manner and follow instructions below.
